

REMARKS

In the Office Action Summary, the U.S. Patent Examiner has indicated that Claim Nos. 1 –3 are pending in the application, all of which have been rejected based upon reasons stated on Page Nos.2-4 of the Office Action.

I have amended Claim Nos. 1-3 in order to more precisely claim the subject matter I regard as my invention.

I have refuted the specifically cited reference by Tringali et al, listed as item“H”, and have given additional refutation for the remaining references cited (listed A –L) on the Notice Of References Cited of the Office Action.

If after review of this Amendment, issues remain that may be resolved via telephone, please contact me via cell phone 214-924-4624.

Sincerely,

A handwritten signature in black ink, reading "Michelle L. Madden". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.
